Subject: Firearms Transfer Policy

updated: 26 August 2017

1. Firearms transfer fee is \$25.00. Firearms transfer fee for Buds Gun Shop is \$30.00. These prices include a \$5.00 fee for the FDLE background check.
2. Multiple firearms on a transfer are charged \$25.00 for the first firearm and \$10.00 for each firearm after that. Only one background fee is charged.
3. The firearm can only be released after a successful background check has been received from FDLE.
4. Straight Shooter of Palm Bay is not responsible for the condition of the firearm or what is included with the purchase.
5. Straight Shooter of Palm Bay is the transfer point only. Any issues with the firearm must be resolved between the purchaser and the firearms dealer that made the sale.
6. Customers will be notified when the firearm can be picked up. All firearms have to be unpacked and logged into our acquisition book before they can be released. A notification from the shipper that the firearm has been delivered does not mean it is ready to be picked up.
7. Transfers are expected to be picked up in a timely matter. Straight Shooter of Palm Bay understands that things come up and can delay you in picking up your firearm, please let us know. We can work with you.
8. All firearms that are not picked up after 30 days past the notification date incur a storage fee. A fee of \$1.00 per day per firearm will be assessed after 30 days.
9. Coordinate transfers with Straight Shooter of Palm Bay. Not all firearms are shipped with the customers POC information.
